## **The Pastor's Corner**

Beginning a new year, many Christians commit to reading the Bible regularly. *YouVersion*, a popular Bible app for smartphones, says that its number of daily active users jumps around 20% in January. On January 1, 2019, *YouVersion* users began over 1 million Bible reading plans—62% more than last year. LifeWay Research found that, while almost 9 out of 10 households own a Bible, only 20% have read through the entire Bible at least once. Among those who have at least read some part of the Bible, less than a quarter have a systematic plan for reading it every day. Reading the Bible through in a year is both a worthy and ambitious goal. As you begin the New Year, finding a plan for reading Scripture regularly is intentional, achievable for you, and spiritually beneficial.
